OIL SANDS INFORMATION BULLETIN 2018-03

Subject: Cost of Service Template

This Information Bulletin notifies oil sands operators that a Cost of Service template has been uploaded to the website at <http://www.energy.alberta.ca/OS/Pages/Forms.aspx>.

The *Oil Sands Allowed Cost (Ministerial) Regulation* specifies the rules for determining cost of service calculations. To clarify these rules, Alberta Energy is posting a standard Cost of Service calculation template for oil sands operators. This template includes fillable forms, demonstrative examples, and supporting rates of return information. For the most up-to-date rates of return please refer to the department’s website. Oil sands operators must use the template to file Cost Allocation Methodology Reports.

Questions regarding this Information Bulletin may be directed to:

<p>Martin Mader Team Lead Engineer, Facilities and Infrastructure Resource Development Policy Division Phone: (780) 644 3150 martin.mader@gov.ab.ca</p>	<p>Michael Habteyonas Manager, Resource Policy Implementation Resource Development Policy Division Phone: (780) 644-1462 michael.habteyonas@gov.ab.ca</p>
