**Subject: Industry Report Changes in February 2019**

---

Alberta Energy is updating an internal application that creates reports related to conventional oil royalties which are uploaded to Petrinex and used by Industry. As a result of this new internal application, the reports that are uploaded to Petrinex will be updated. Alberta Energy is targeting to have this new system go live in February of 2019. The link below highlights the changes and provides examples of the new report PDF's and a breakdown of the associated CSV files.
