OIL DEVELOPMENT INFORMATION BULLETIN 2007-02

Subject: Oil Development Policy on Documents sent by Fax

Effective immediately, the inability for a third party to successfully transmit documents via the Oil Development fax machines is not an acceptable reason to prevent or reverse penalties; or to grant recalculations. Clients are advised that it is their responsibility to verify that the department has received the document if they choose to use this means of communication.

In an effort to provide better service to our clients, the Oil Development Business Unit - Edmonton Operations has set up an email inbox for queries and submissions. The email address is ODEdmOp@gov.ab.ca. This does not affect the submissions to the Oil Development Business Unit – Calgary Operations and Marketing. The Calgary inboxes will continue to operate as before.
