INFORMATION BULLETIN 2017-01

**Subject: Discontinuance of Drilling & Completion Non-Compliance
Shadow Billing Report**

Effective January 2018, the Department of Energy will discontinue Shadow Billing for Drilling and Completion Cost (DCC) errors sent by Petrinex.

Going forward, a monthly Final Non-Compliance Drilling and Completion Cost report will be automatically generated and sent to industry on the filing deadline (end of day on the last business day of the month) showing all current DCC warnings and errors. In accordance with the Mines and Minerals Administration Regulations, the errors on this final report will be used to issue penalties for missing submissions.

Please be aware that penalties are currently not in effect. A separate communication will be issued respecting the effective date of DCC penalties.

If you have any questions, please email Energy.MRFInquiries@gov.ab.ca
